

## Ocean's Paradise

Ahoy there me hearties! Ready yer' sea legs and leave the landlubbers behind and get ready to set sail from Old London Town. The ship called 'Ocean Paradise' and its crew have been commissioned by the English Government to apprehend pirates in the Indian Ocean and are destined for high seas and adventure.

After many gruelling days at sea, the mood on the ship has turned ugly and there is mutiny in the air! An enemy ship has been sighted and the captain decides to launch a ferocious attack to take the ship including its valuable cargo of great wooden chests full of gold, silver, and sparkling jewels. During this fierce battle, the crew abandons their sinking ship taking all its valuable plunder with them overboard.

As the seamen are consumed by the rough sea and sink to the ocean floor, the pirate souls are destined to guard the stolen treasure beneath the waves forever. The skeletal pirates are soon enchanted by the beautiful mermaids and their siren song and are led to the magical undersea world where they are brought to justice before Poseidon, King of Atlantis. The cowardly pirates receive forgiveness from the God of the Seas and can continue their voyage home on a new ship.

Along the way and with mounting pressure from his weary crew to make the voyage worth their time, the Captain orders the ship to stop at a deserted island. The only inhabitants are giant turtles nesting on the sandy shores and crabs scurrying along the beach. The Captain orders the shameless pirates to bury the treasure and to start digging a hole so deep that "no man will ever find it!"

Just as the pirates finish covering the hole, a ship appears on the horizon and suddenly cannon fire is heard and huge craters appear in the sand. The pirates have been caught red-handed by the British! All the men including their Captain are arrested and shipped back to England to face trial.

The Captain and his men are found guilty of piracy and hanged, and as a warning to other pirates, the Captain's body is hung in a cage and left to rot for all to see along the River Thames!
